

**THANK YOU FOR CHOOSING ERICA SYNTHS BLACK SERIES MODULE!**

Erica Black Series include high-end, unique functionality and superior quality modules. Only the best, highest quality components are used, all inputs and outputs are protected against undesired overvoltage. Erica Black series consist of range of modules that are needed to put together entire synth. Enjoy!

**Erica Synths Black Pre-fade Listen Expander** is a satellite module to Erica Synths Black Stereo Mixer. Since modular performances are often about uncertainty, unpredictability and sudden filter resonance screams that can kill loudspeakers, it's good to know, what you are about to fade in your modular mix. And this is where Black PFL Expander comes in! You can monitor each of four Black Stereo Mixer inputs or any combination of them before mixer level knob takes effect.

**NB! Black PFL Expander is designed to work exclusively with Erica Synths Black Stereo Mixer V2. The module doesn't have PSU connector therefore it can not be used on it's own.**

**FEATURES:**

- 4 independent PFL ON switches
- Stereo headphone output
- Headphone volume adjustment

**TECHNICAL SPECIFICATIONS:**

- Power consumption ..... +15mA, -7mA
- Module width ..... 6HP
- Module depth ..... 25mm

## SAFETY INSTRUCTIONS

Refer to the picture below to connect Black PFL Expander to the Stereo Mixer. Note that the module doesn't need PSU connector; it's powered through the expander cable.

Please follow the instructions for use of this Erica Synths module below, 'cause only this will guarantee proper operation of the module and ensure warranty from Erica Synths.

Water is lethal for most of the electric devices, unless they are made waterproof. Erica Synths module is NOT intended for use in a humid or wet environment. No liquids or other conducting substances must get into the module. Should this happen, the module should be disconnected from mains power immediately, dried, examined and cleaned by a qualified technician.

Do not expose the module to temperatures above +50°C or below -20°C.

Transport the instrument with modules installed carefully, never let it drop or fall over. Warranty does not apply to modules with visual damages.

The module has to be shipped in the original packaging only. Any module shipped to us for return, exchange and/or warranty repair has to be in its original packaging. All other deliveries will be rejected and returned to you. Make sure you keep the original packaging and technical documentation.

You will find Erica Synths terms of warranty at <http://ericasynths.lv/en/terms/>

Items for return, exchange and/or warranty repair have to be sent to: Erica Synths, Andrejostas Str.12, Riga, Latvia, LV-1045

This device complies to the EU guidelines and is manufactured RoHS conforming without use of led, mercury, cadmium and chrome.

Nevertheless, this device is special waste and disposal in household waste is not recommended.

Designed and made in Latvia.

User manual by Girts Ozolins@Erica Synths.

Design by Baiba Stelle.

Copying, distribution or any commercial use in any way is prohibited and needs the written permission by Erica Synths.

Specifications are subject to change without notice.
